KEEP YOUR ANIMALS CLEAN AND SAFE WITH COMMERCIAL LAUNDRY EQUIPMENT DESIGNED TO BE DURABLE AND SANITARY

In the animal care industry, sanitary conditions are a top priority. Bacteria can easily spread, impacting your operations and jeopardizing the safety of the animals under your care. You need to be confident your towels and other items are properly cleaned and ready to use.

Dexter on-premise laundry equipment is strong enough to handle your toughest laundry needs. Whether you own a dairy farm, a veterinary clinic or a pet spa, you can be confident that our equipment can handle anything you throw at it. Our superior wash baths and chemical injection options ensure the proper removal of stains and contaminants to protect your staff and your animals.

For over 125 years, Dexter Laundry has been helping people and companies around the world process laundry faster and more efficiently. We stand behind every machine we build because we are passionate about creating the best laundry ownership experience we can. Every Dexter is backed by an industry-leading warranty and lifetime technical support.

THE PRODUCTS YOU NEED

PRODUCTS TO FIT YOUR NEEDS

Choose between our state-of-the-art O-Series control or our standard 6-cycle control with simple, programmable options to fit your laundry needs. Our washers are available with 100G or 200G extract options.

PRODUCTS TO FIT YOUR SPACE

We offer washers and dryers to fit almost any space, most even fit through a 36" door. For limited spaces our stack washer-dryers double the capacity in the same footprint.

ULTIMATE FLEXIBILITY

CUSTOMIZABLE WASH ACTION

O-Series controls offer 100 programmable cycles with 20 stages and a variety of customizable options for the perfect wash cycles. Industry-specific cycle settings are preset and programming is easy with [DexterLive.com](https://www.dexterlive.com).

POWER AND PRECISION

O-Series washers combine the power of extended soak, the flexibility of customizable wash cycles and the precision of a 10-port chemical injection system for the power and precision you need.

PEACE OF MIND

EXPRESS WASHERS

Our Express washers spin at 200 g-force to remove more water, saving on dry time and utilities. This allows you to spend more time on the care of your animals, and less time on the laundry.

HEATED WASHERS

For applications where precision is critical, we offer heated washers that can heat up to 195°F (90.5°C). O-Series washers also record the temperature to verify that every load is safe.

QUALITY YOU CAN TRUST

PROVEN RELIABILITY

Every washer model is designed to withstand our extreme 1,000 hour test, running at maximum extract with an extreme out-of-balance load.

INDUSTRY-LEADING WARRANTIES

Our industry-leading warranties cover the major components on our washers for 10 years and dryers for 5 years. A 3-year parts warranty covers the rest. Plus, all of our products are backed with lifetime technical support.

WHICH CONTROL IS RIGHT FOR YOU

WASHER CONTROL COMPARISON

MODEL CONFIGURATIONS	6-CYCLE	O-SERIES
HIGH EXTRACT SPEED	X	X
HEATED WATER OPTION (AVAILABILITY VARIES BY MODEL)		X
