EMERGENCY SERVICES & PRISONS

DEXTER.COM

THE CLEAN YOU NEED.

You need durable laundry equipment you can trust. That's why Dexter Laundry offers a full line of on-premise laundry solutions that you can depend on. Our equipment utilizes state-of-the-art technology to ensure the proper removal of stains and biological contaminants. Plus our management software provides you Total Control, giving you the power to process large amounts of laundry with the confidence of knowing your laundry is operating at peak efficiency. This lets you focus on what's important, while we help to manage your laundry.

For over 125 years, Dexter Laundry has been helping people and companies around the world process laundry faster and more efficiently. We stand behind every machine we build because we are passionate about creating the best laundry ownership experience we can. Every Dexter is backed by an industry-leading warranty and lifetime technical support.

FROM OUR CUSTOMERS

“Dexter machines are worth the investment. They come with a high level of service and expertise.”

THE PRODUCTS YOU NEED

PRODUCTS TO FIT YOUR NEEDS

With two lines of products, which include reversing dryer options, we have the products you need. Choose between our state-of-the-art O-Series line for Total Control or our standard 6-cycle control with simple programming options.

MOISTURE DETECTION SYSTEM

Our patented Moisture Detection System with wireless sensing technology takes the guess-work out of drying. Each auto dry cycle automatically stops when the load is dry, increasing throughput and reducing linen wear.

ULTIMATE FLEXIBILITY

FLEXIBLE SETTINGS

O-Series controls feature the ability to program 100 unique cycles, with up to 20 distinct stages. These are easily programmable with DexterLive.com and can be locked to avoid tampering. Plus, our 10-port chemical injection system allows your chemicals to be safely added from the back automatically so they can be stored out of reach.

MULTI-LINGUAL SETTINGS

O-Series controls feature a simple to use interface with multiple language options to reduce the risk of misuse. This means you can set cycles in both English and Spanish.

PEACE OF MIND

TOTAL CONTROL

Our O-Series products feature Total Control reporting options where you can monitor the productivity of your laundry room, track cycles, and see downtime to ensure everything is running efficiently.

FIRE RESPONSE SYSTEM

O-Series dryers feature our Fire Response System which can sense when a load is unexpectedly increasing in temperature. Water-based Fire Response models are also available.

QUALITY YOU CAN TRUST

PROVEN RELIABILITY

Every washer model is designed to withstand our extreme 1,000 hour test, running at maximum extract with an extreme out-of-balance load.

INDUSTRY-LEADING WARRANTIES

Our industry-leading warranties cover the major components on our washers for 10 years and dryers for 5 years. A 3-year parts warranty covers the rest. Plus, all of our products are backed with lifetime technical support.

WHICH CONTROL IS RIGHT FOR YOU

WASHER CONTROL COMPARISON

MODEL CONFIGURATIONS	6-CYCLE	O-SERIES
HIGH EXTRACT SPEED	X	X
HEATED WATER OPTION (AVAILABILITY VARIES BY MODEL)		X
